FRED A. FOWLER, TOWN CLERK.

COPY OF A LETTER FROM
THE STATE TAX COMMISSION.

Concord, N. H., February 10, 1916.

TO THE SELECTMEN:

When settling with the tax collectors this month please bear in mind the following facts: "Every collector of taxes shall collect all taxes set down upon the lists committed to him for that purpose, except such as are abated." Pub. St. c. 43, s. 33.

Collectors have ample authority to collect all taxes prior to February 15, with the possible exception of taxes on non-resident real estate.

They may distrain goods and chattels, P. S. c. 60, s. 2, or for want thereof, commit the delinquent to the house of correction or jail. P. S. c. 60, s. 8. Laws 1913, c. 82, s. 5.

They should collect and account for interest at ten per cent. on all taxes not paid on or before the first day of December. P. S. c. 59, s. 8. You should not pass this over lightly.

The court holds that a tax collector is liable for taxes which he might have collected but which have not been collected because of his negligence. *Pittsburg v. Tabor*, 61 N. H. 100. ¹

You should not suffer the towns to lose money by failing to hold tax collectors to strict accountability. Delinquency on their part should not be condoned by abatements.

Yours truly,

W. B. FELLOWS, Sec. Tax Commission.

REPORT OF THE Superintendent of Schools.

TO THE SCHOOL BOARD, GENTLEMEN: I herewith present my report as the Superintendent of the schools of Hill.

The report of a year ago noted the addition of a grade, the ninth, to the Grammar school. This grade has been discontinued the present school year owing to the lack of pupils but it is confidently expected that the pupils of our present eighth grade will be prepared to enter high schools next September and keep a creditable standing.

At the beginning of the present school year the question arose, owing to the condition of the building at the Center, as to the advisability of moving it before making the necessary repairs. At a meeting held at the building previous to the opening of school the ladies of the neighborhood offered to fix the interior of the building by putting on new paint and paper and the men agreed to fix up the underpinning and provide better drainage provided the location of the school should be unchanged. The offers were accepted and the results and the spirit manifested was most commendable. This building needs to be repainted on the outside and a new floor laid in the entry.

The building at the Village is in good condition. A trouble has existed in the heating plant but is now partly remedied. New concrete sidewalks should be laid, if possible, especially on the north side of the building. The most urgent need at this building however is new adjustable furniture. At present many pupils cannot rest the feet on the floor when sitting with a support for the back. This causes uneasiness and weariness before the session is completed and makes it impossible to secure the best results. An elevation of the shoulders and a contraction of the chest also results which may induce a permanent weakness. New seats can be installed for less than one hundred fifty dollars for each room, and the present seats could well be used at the Center replacing the old double desks now in use there. This new furniture is the most urgent need in the school district at present.

The district was most fortunate in retaining Miss Crosby another year. An excellent spirit and most satisfactory work is always noted in her room.

The resignations of Miss Sumner and of Miss Walker were received

in June. Miss Ruth A. Kennett, a graduate of the Plymouth Normal school and with a successful experience of three years was elected a teacher of the Primary school and Miss Winifred Perkins was elected to the Center school. These teachers are giving of their best efforts and excellent results of their work are confidently looked for.

The registers show a freedom from sickness and a praiseworthy co-operation on the part of pupil and parents in securing regular school attendance without which good results are impossible.

Our schools are fairly well furnished with textbooks and adequate supplies are furnished for pupils use. Were it not that the prices of school supplies had advanced recently, a somewhat smaller appropriation would answer our needs for the coming year.

I confidently believe that the pupils of Hill will compare most favorably in their standing with those of towns of equal size and valuation and I believe that with our present teachers the standard of our schools can be raised.

In conclusion, I would urge that parents visit the schools frequently and discuss the school problems directly with the teacher; mutual helpfulness will result. I desire to thank the members of the school board for their helpfulness and loyal support.

Respectfully submitted,

GEORGE A. KEITH, Superintendent of Schools.

Roll of Honor.

Pupils not Absent or Tardy during the year.

GRAMMAR SCHOOL: Olin L. Addison, Muriel L. Blake, Doris N. Cilley, Grace M. Crosby, Audrey E. Rounds.

PRIMARY SCHOOL: *None.*

CENTER SCHOOL: *None.*

School Census.

Number of children between ages of 5 and 16, 82: boys, 39; girls, 43.

Number between the ages of 10 and 16 not able to read and write in the English language, 0.

Number between the ages of 5 and 8 not attending school, 7.

Number between the ages of 8 and 14 not attending school, 1.

Number between the ages of 14 and 16 not attending school, 3.

Whole number of children, 5 to 16 years of age, whose names appear on the school registers on September 30, 1915, 62.
